"A Brotherhood of Cheerful Service"

FOUNDER

~

E. URNER GOODMAN

SCOPE OF THE ORDER

In 1915, E. Urner Goodman, then Director of Treasure Island, organized the Order of the Arrow, Wimachtendienk W. W. as the highest of Camp Honors. Each Troop chose one Scout who was inducted into what was the beginning of our Order.

In 1921, after a lengthy experimental period, establishment on a National basis was undertaken. On October 7th of that year the first National Convention met in Philadelphia, and a National Lodge was formed to take over the affairs of the Order and to adopt a Constitution. Following this initial Convention, National Lodge Meetings were held annually at first, then biannually, and a steady progressive growth in local Lodges and membership was noted. Discussion pointing to the adoption of the Order by the National Council, Boy Scouts of America was inaugurated at the 1929 National Lodge Meeting. Finally, at the 1933 meeting, a definite proposal was made, and on June 2, 1934 the National Council adopted the Order of the Arrow as a definite part of the Scouting program. In May 1948, the National Executive Board of the Boy Scouts of America, upon recommendation of its Committee on Camping, completely integrated the Order of the Arrow as a part of the program and movement. The national lodge of the Order was dissolved. The Order's national supervision came within the regular administrative channels of the B.S.A.

To my Brother
of Blue Heron Edge, No. 349:

Hearty congratulations
on your 25th Anniversary!

A quarter of a century is a long time,
long enough for some of your charter
members to have died in the Edge!

I've been trying to picture in my
mind the accumulation of happiness
that has come to your corner of our
world because of your 25 years of
cheerful service — and what satisfaction
that has brought to your Arrowmen.

Now you will be passing on to your
50th. May your joy in our Brotherhood
be greater than ever.

yours in that Brotherhood

E. Urmer Goodman

July 26, 1971

FOREWORD

The following is the result of a year's research and inquiry. This small booklet comprises but a mere sampling of Blue Heron History. There are literally thousands of events and names that are not even mentioned here. It is our hopes that this small sketch of our heritage will lend you a flavor of the many events and activities comprising our past twenty-five years.

The picture painted here is one of joy and success, but let everyone know that such results have come from times of toil, sweat, and hardships. If we are to continue as an active, thriving, and meaningful organization such will also be with us in our future. It is that final product of Cheerful Service that will continue to light the way to the spirit of Brotherhood.

We of the Blue Heron can be extremely proud of our bountiful past. While it often seems a small few must fulfill the work, many great Arrowmen have served with us over the years. Remembering this composite of true Arrow Brothers, I charge each of you as members of Blue Heron to weld tightly every link, in the bond of our Brotherhood, with CHEERFUL SERVICE.

MAWACHPO

LODGE HISTORY

During the summer of 1946, Mr. Norman Jones and Mr. Gordon Lindsay were visiting in Pennsylvania. While there they noticed a program being carried out by the Scouts of that area. This program was the Order of the Arrow. During that summer they were made members of the Order of the Arrow and on returning to Norfolk mentioned to the Commissioner's Staff of the Order's work. The Commissioners wholeheartedly approved a recommendation sent to the Council Camping and Activities Committee to adopt the Order of the Arrow in the Tidewater Area.

Mr. Louis R. Lester, the former Scout Executive of the Tidewater Council, as the Scout Executive of Chester County Council encouraged Commissioners Jones and Lindsay to examine and join the Order of the Arrow. Mr. Lester's high regard and concern for the Tidewater Council, even after transferring, caused him to recommend the induction of this new organization called the Order of the Arrow. His extraordinary leadership abilities gained unusual respect from all he was associated with. Under his encouragement, Octoraro Lodge played the central role in the beginning of Blue Heron.

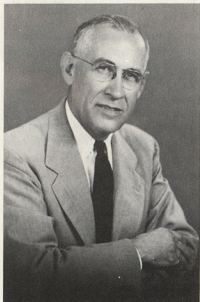

In the fall of 1946 a ceremonial team from Octoraro Lodge in Pennsylvania came down to Camp Darden at Sedley, Virginia, and inducted the first nucleus of Blue Heron members. At the first official meeting of the Lodge on January 5, 1947 Mr. A. G. Buckwalter was elected the first Lodge Chief. After the first self run Ordeal in August of 1947 Blue Heron membership totaled 39, and later by Lodge action these members were designated as Charter members.

The Blue Heron was selected as the Lodge Totem because the great bird was a frequent visitor to Lake Constance, the lake at Camp Darden. This totem and the first patch incorporating the Heron was selected at an Executive Meeting on May 31, 1947. Its design was: A red arrowhead with a white "Baby Blue Heron" superimposed on it. White is the color of young Blue Herons.

With 28 members present, Blue Heron Lodge held its first annual Banquet on December 31, 1947. This set precedence for traditional annual gatherings of the Lodge each year. Blue Heron quickly began growth with Ordeals, and while growing to a functional size brothers actively participated in Area and National events of 1948, along with those thereafter.

Original Ordeal at Darden by Octoraro Team

Louis R. Lester

*Commissioners
on Ordeal with Octoraro
at Camp Horseshoe*

In the early days of our Lodge, as well as most lodges of that time, the top offices were held by adult members as is exemplified by our first few Chiefs, like A. G. Buckwalter and Vincent "Demokie" ReDavid.

During Blue Heron's initial years many popular activities became regular events. For many years the Lodge held an annual Winter Banquet, summer and fall Indian pageants, spring Ordeal ceremonies, and beginning in the early 50's Fall Fellowships. These of course were not the only activities, as the Lodge was small and held various supplemental meetings, besides Executive Committee meetings, social affairs, etc. The Banquets became an annual highlight, for the officers elections were held then. It wasn't until 1954 when Fall Fellowships became extremely popular that election time was switched. During this period the shift to boy leaders also allowed for a new election time to coincide with the school year.

Blue Heron developed a strong feel for Indian Lore through its ceremonies and pageants. Lodge Dance Teams were so proficient that they were often State Champions. Each year the lodge put on three pageants in public schools. Blue Heron members were extremely proud and expert in their Indian pageantry and lore.

◆

In 1954 a demand arose from the Lodge for the change of the Lodge Neckerchief. Mr. Jimmy Mageen designed the rough "Diamond" and a Lodge Committee formed of S. E. Saler, Micky Warner, and others came up with the now famous patch.

Shortly after that the same basic pattern of the "Diamond" was developed into the Arrow flap. It was the first full-embroidered flap in the United States. The actual design has never been changed since then and has now become valued as one of the best known patches in existence.

◆

In 1956 the Lodge celebrated its 10th Anniversary with a December Banquet and Fall Fellowship. Since June 10, 1947 our Scout Executive and Supreme Chief of the Fire, Harold V. Pace, served closely with the Lodge. His dedication, concern and inspiration brought the Lodge successfully through its formative and development years. For many years Mr. Pace served directly as the Advisor to the Lodge Chief. All who knew him and served closely with him, held him in the highest of regards. Mr. Pace was an extremely humble and unwavering leader.

Granby High, 1950*

*Lloyd Caster
demonstrating
the Snake Dance*

It was in the summer of 1956 that Mr. Pace and "Uncle" Ben Juren developed the idea of starting a Building Fund from surplus funds for an O/A Building at Camp. From this initial idea a fund was started in 1958, and by 1963 contracts totaling \$5,387.50 had been let for the construction of a Program Shelter in Camp Kiwanis. The following excerpt is from Mr. Pace's "Executive Desk" in the May 13, 1963 issue of the *Knapsack*:

Once again the Blue Heron Lodge has shown the kind of spirit which will make Camp Kiwanis, Pipsico Scout Reservation and our Council truly great.

They have said in words and deed: "This is our camp and its success (or short comings) depends upon what we do!"

The 50's of our Lodge began a journey of an unforgettable decade. Much work was put into our home camp, Darden, but by 1958 the name Pipsico rang as a chance of growth. During 58, 59, and 60 Pipsico shared the role of Summer Camp with Darden. By 1961 Pipsico held the role of Tidewater Scout Reservation on its own. The challenge to Arrowmen was great. We had a fresh and untouched camp to build on. To prepare for Summer Camp the work was tremendous, but Heron members rallied to the call.

During the fast moving years of the 50's the Lodge made one more change. We became one of the first to establish an effective Chapter system. Following the growth of our Council the Lodge once stood at eight Chapters. Our Lodge currently has seven strong Chapters.

1961 grew as a peak year in the Lodge's History. That year we celebrated our 15th Anniversary with the largest Fellowship ever held to that date. This same year the Lodge rallied to the Area's call again. With six weeks to the annual III-C Pow Wow the host lodge was forced to withdraw. Blue Heron was asked to handle the situation. In six short weeks and thousands of dedicated hours from our membership, BLUE HERON put together one of the Area's best Pow Wows at our Camp Pipsico.

*"Boundy" Salyer congratulates
Chief Bobby Brown*

15th Anniversary Fellowship

15th Anniversary Cake

Our patches are a symbol of Blue Heron's quality and a token of one of the outstanding lodges in the nation. In accordance with the Blue Heron tradition another patch was developed. The Jacket patch was conceived to furnish a supplement to a member's accessories and to recognize another point in Blue Heron History.

The "Baby Blue Heron" is present in the design to make us mindful of our high tradition. It is only with recognition of our past that we can maintain our high standards. The totem, the Blue Heron with a fish in its mouth standing in a lake, is there to remind us to preserve the Lodge's firm organization. The flying Blue Heron is added to signify the continuing growth of the Lodge. This patch means the Lodge is Mindful of Our Tradition and pledges continued Brotherhood, Cheerfulness, and Service.

Soon after the 1956 meeting with Mr. Pace and while serving as Lodge Lay Advisor, "Uncle" Ben Juren passed away. His unusual spirit and enthusiasm lived on in the Lodge. In remembrance of his outstanding volunteer service, Blue Heron Lodge named the great Kiwanis Program Shelter in his memory. The Ben Juren Memorial was dedicated on the 20th Anniversary of our Lodge.

BEN JUREN MEMORIAL

In recent years Blue Heron has kept with the traditional annual Fall Fellowships, and extended its service to camping in various fields. Over the past decade Blue Heron members have put over one quarter million working man hours into our Pipsico Scout Reservation. Thousands of dollars have been spent on our home, Pipsico, through the building of immense O/A Shelters, purchase of tentage for summer camp useage, and other projects. While the Lodge has grown in size and experience, even today we can feel the truth of the quote by our Past Supreme Chief of the Fire.

“This is our Camp and its success or
shortcomings depends upon what we do.”

Blue Heron Lodge has truly stood a test of time, proving it to be a permanent fixture of great usefulness. Likewise, the two giant edifices constructed for our Pipsico Scout Reservation stand firm defying the elements and time, while serving a valid purpose of usefulness.

It is only right that here on our 25th Anniversary we dedicate this second proud O/A Shelter to the one man who guided us through our many years of service. As our Supreme Chief of the Fire for twenty-one years this man saw to the effectiveness and success of the Blue Heron Lodge. He backed us in times of trouble, and guided us to success through a good program of Cheerful Service to others. No one man has given so much over our 25 years of service. It is with solemn pride and honor that by action of the Blue Heron Lodge Executive Committee we dedicate the O/A Shelter of Camp Lions, Pipsico Scout Reservation to the past Supreme Chief of the Fire, Mr. Harold V. Pace.

Harold V. Pace
Scout Executive
Tidewater Council
6/10/47 to 2/15/68

AREA ACTIVITIES

In the early days of our lodge we belonged to Area 3-A which centered about the Councils in Eastern Pennsylvania. Our Lodge first attended an Area Meet or Pow Wow in 1948 at Camp Horseshoe at which time several of our Brothers were inducted into the Brotherhood Honor.

Other Area 3-A meets our Lodge attended were held at Treasure Island (Philadelphia Camp) in 1949, Broad Creek (Baltimore Camp) in 1950, Delmont (Valley Forge Camp) in 1951, and Nisatin (Pottsville) in 1952.

At the 1950 Pow Wow, hosted at Broad Creek, Brother Chuck Meads of Blue Heron received the Vigil Honor, being the first to do so within our Lodge. At the 1951 Pow Wow Brothers Pace, Ricks, Overman, and Buckwalter departed on their long journey toward the Vigil Honor.

At the 1952 Meet it was decided in a very friendly spirit that the Area should be divided, and under the leadership of the Regional Office, Area 3-C was formed during the Winter of 1952-53. By this time there was strong leadership nationally for the realization that the O of A was really for the boys and that they should hold the lodge and area offices with adult guidance. Therefore, our own Paul Scarborough was elected as the first Area 3-C Chief by the first "Kitchen Cabinet" which met in Richmond and comprised boy representatives and an adult advisor from each of the lodges in Virginia and Washington, D.C. Mr. Harold V. Pace was selected as the first Area Advisor and Mr. Horace Coleman was selected as the first Area Leader.

The first Area 3-C Pow Wow was held at Camp Darden in late April of 1953, and at that time John Hart of the Blue Heron Lodge was elected to succeed Paul Scarborough as Area 3-C Chief. Since that time our Lodge has been honored with six out of nineteen Area Chiefs.

In 1961 the Area ran into major difficulties as a lodge defaulted on hosting the Pow Wow, and it looked like no Area Meet that year. Blue Heron was asked to handle the situation. In six short weeks and thousands of dedicated hours from our membership, BLUE HERON put together one of the Area's best Pow Wows at our new Pipsico Scout Reservation. Since that year of our 15th Anniversary, our Lodge has been honored to host two more Pow Wows at Pipsico on Anniversary years, 20th - 1966 and 25th - 1971. Both Area meets were acclaimed as being the best in size, quality, training, and new innovations. Through such effective events Blue Heron has become known for its expertise in Arrowmanship.

Many thanks go to the countless number of Blue Heron members, both past and present, for their generosity of time and concern in making this, the "Silver Feathers", a reality. The following are but a few who proudly donated their valuable services once again for the great Blue Heron.

Joe Lawrence
Al Buckwalter
George Wyatt
James Cates
Harold V. Pace
Lewis Binford
Art Humphries
David Singletary
Richard Crawford
Ray Garrabrandt
of Lodge #276
Nat Wigginton
Jim Gawthrop
of Lodge #22
Hank Moehring
John C. Barnes

Sincere thanks to the many others who helped however they could.

Mawachpo
